NEW Summer Training Highlights!

Updated! [Electrical Safety in the Workplace: NFPA 70E](#)

August 8

Includes NEW 2017 NFPA 70E Code changes effective September 1.

You'll learn:

- What a "qualified person" is as defined by OSHA
- What an arc flash/arc blast is
- Who must be trained
- Proper selection and use of PPE
- Clearance distances
- Proper lockout/tagout procedures

Designed for NFPA 70E, qualified and non-qualified workers: **Qualified workers are required to attend a mandatory refresher course every three years. This course meets the requirements for both qualified and non-qualified workers. Includes new 2017 NEC updates effective September 1.**

Also available for customized training at your facility. Contact Gina at gina.hoffman@minnesotasafetycouncil.org for details.

New! Active Shooter: Lessons Learned and Updates August 10

This **updated, full-day [Active Shooter workshop](#)** reviews basic concepts and observations while preparing for and responding to active shooter and hostile events. Scenarios will reinforce recognizing suspicious indicators, body language/"tells", possible motive and intent. Actual events and methods of operation will be reviewed. Second half of the day will focus on recommendations and elements for a successful security assessment.

Attendance is limited to 40 participants.

Forklift Train-the-Trainer PLUS - July 18

Join us next Tuesday for our [Forklift Train-the-Trainer PLUS](#) workshop. Get MANCOMM's Forklift Training System and the instruction to implement it - **for just the cost of the DVD!** Sign up for our session today and see how easy change can be.

Tuesday, July 18

8:30 a.m. - 3:30 p.m.
