Teddy Bear Clinic
Patch up your favorite tattered teddy or other stuffed animal!

Saturday, May 21, 2016
8:00 am – 10:00 am
HCMC Emergency Department

- Stitch loose seams
- Listen to heartbeats
- Splint broken limbs
- See a real ambulance
- Get “teddy” X-rays
- Visit safety stations

Help take the scare out of emergency care. Bring your kids and their teddy bear to this free community event. For more details and parking options, visit www.hcmc.org/teddy.
Take the scare out of the Emergency Room care and ease children’s anxiety related to a medical setting. This event is a great opportunity to help kids become comfortable around medical personnel and the medical equipment they may experience on a visit to the doctor or hospital.
Teddy Bear Clinic
Working together for childhood injury prevention and emergency pediatric friendly preparedness.
Bike helmets were fitted on each child as they completed their clinic visit
Thank you to our Multidisciplinary healthcare team involved
