Protect Your Most Valuable Asset - Your Employees

Motor vehicle crash injuries on and off the job cost employers \$47.4 billion annually. On average, just one on-the-job traffic crash can cost an employer more than \$24,000!

For less than \$10 per person, per topic, you can provide online training that can change poor driving behaviors in less than 30 minutes! Your employees will learn defensive driving techniques, strategies to change risky driving behaviors and attitudes, and collision avoidance skills.

Choose from the [topics/modules](#) listed below:

- Lane Management
- Speed Management
- Avoiding Fixed Objects
- Avoiding Impaired Driving
- Avoiding Fatigued Driving
- Avoiding Aggressive Driving
- Intersections
- Weather and Road Conditions
- Backing and Parking Lot Strategies

For more information or to purchase a program for your employees, contact Lisa at 800-444-9150 ext. 330 | 651-228-7330; lisa.kons@minnesotasafetycouncil.org.
