Upcoming Training Highlights

**Forklift Train-the-Trainer**

*December 4, January 23, March 12*

Full-day classroom workshop provides technical expertise to safely operate forklift equipment and will qualify you to conduct an effective training session. Includes power point CD. **Bonus!** Members may use free streaming video and DVDs from our lending library as part of their employee training.

Are your employees due for their three-year required operator requalification training? Contact Gina Hoffman to schedule it on-site.

**Electrical Safety in the Workplace: NFPA 70E Updated!**

*December 11, January 16, February 9, March 19*

Includes **NEW 2017 NEC Code changes & 2018 NFPA 70E Code changes!**

You'll learn: What a "qualified person" is as defined by OSHA; what an arc flash/arc blast is; who must be trained; proper selection and use of PPE; clearance distances; and proper lockout/tagout procedures.

This course meets the requirements for both qualified and non-qualified workers. Qualified workers are required to attend a mandatory refresher course every three years.

Also available for customized training at your facility. Contact Gina for details.

**CHST Examination Preparation Workshop**

*January 30 - February 1*

This three-day workshop will prepare you for the Construction Health and Safety Technician examination leading to certification as a CHST.

Emphasis will be on core competencies along with math knowledge and skills in each of the four domains: Safety and health program management; worksite auditing; training; and professional responsibilities.

Students should bring a [scientific calculator](#) to class. Math review of all mathematical concepts needed for the exam. Includes extensive handouts plus 60-page workbook to use as study guide for the test.
Registration deadline: January 17, 2018!
Contact Sheila Thao for more information or to register. (This course will not be offered again until 2019!)

Once-A-Year Training Opportunities!

Mike Weigand with Langlois, Weigand & Associates, Inc. will be joining us from Baton Rouge, Louisiana to offer the ASP/CSP Specialty Examination Review Courses:

- February 18 Math Review Course for Certification Exams
- February 19-21 Associate Safety Professional (Safety Fundamentals) Review Course
- February 22-24 Certified Safety Professional (CSP) Comprehensive Practice and Specialty Examination Review Course

These courses will not be offered again until February 2019!

Advanced Safety Certificate

Earn nationally recognized credit while learning advanced skills here at home! Sponsored by the National Safety Council, the Advanced Safety Certificate is earned through the completion of three of the following courses within a five year period:

- Safety Training Methods
  December 12-15, 2017; June 4-7, 2018
- Fundamentals of Industrial Hygiene
  January 30-February 2, 2018
- Principles of Occupational Safety & Health (required)
  February 26-March 1, 2018
- Safety Management Techniques
  April 24-27, 2018

Expect the best! Jan Fedora, Minnesota Safety Council; JoAnn Dankert, National Safety Council; and Mike Weigand with Langlois, Weigand & Associates (Baton Rouge, LA) will be the lead instructors for these courses.

Contact Sheila Thao for more information or to register.
