Training Highlight

Electrical Safety in the Workplace: NFPA 70E
September 18, October 23, November 8, December 11
This updated course includes NEW 2017 NEC Code changes (effective July 1).

You'll learn:

- What a "qualified person" is as defined by OSHA
- What an arc flash/arc blast is
- Who must be trained
- Proper selection and use of PPE
- Clearance distances
- Proper lockout/tagout procedures

Qualified workers are required to attend a mandatory refresher course every three years. This course meets the requirements for both qualified and non-qualified workers.

Also available for customized training at your facility. Contact Gina at gina.hoffman@minnesotasafetycouncil.org for details.
