Belt-Positioning Booster Seat

- As of July 1, 2009, children under age 8 and shorter than 4 feet 9 inches are required to be in a child safety seat or booster.
- Boosters are for children up to 4 feet, 9 inches, typically ages 4–8.

Forward-Facing Seat

- Over 20 pounds
- Over 1 year of age and

Rear-Facing Seat

- Infants under 20 pounds and
- Under 1 year of age must be in a rear-facing infant seat

Guidelines

Child Safety Seat
Child Passenger Restraint Law
Minnesota Statute 169.685, subd. 5

- Children under age 8 and shorter than 4 feet 9 inches tall are required to be fastened in a child safety seat or booster seat that meets federal safety standards.

- Safety seats must be installed and used according to the manufacturer’s instructions:
  - Child must be secured in the safety seat
  - Seat must be secured to the vehicle with a seat belt or LATCH
  - Infants (under 20 pounds and under 1 year) must be in a rear-facing safety seat

- Law applies to all motor vehicles originally equipped with factory-installed seat belts

- Law applies to all seating positions

- Driver is responsible

- Petty misdemeanor fine for violation is $50 (may be waived if violator shows proof of obtaining a safety seat within 14 days)

- Applies to both residents and non-residents of Minnesota

- Suspected non-use is a valid basis to stop a motor vehicle

Exceptions

- Children riding in emergency medical vehicles, when medical needs make use of a restraint unreasonable

- Children riding in a motor vehicle for hire, including a taxi, airport limousine or bus, but excluding a rented, leased or borrowed motor vehicle

- Children riding with a peace officer on official duty, when a restraint is not available (a seat belt must be substituted)

- Children certified by a licensed physician as having a medical, physical or mental disability that makes restraint use inadvisable

- Passengers in school buses
